Gladcroft
Norwich, Vt

Thank you very much for your response to the advertisement in "The Gladiolus". Caught between having too much to do and too little time to do it in, I have not been able to get out much of a pricelist. This will have to suffice for the present.

Not described in the booklet is Agatha- which I think is a fine one: large, creamy and ruffled (506 class) it stands dry weather and winds very well. Descriptions of other Chase originations will be found in the booklet, with 1952 prices as follows.

	L	M	S	10L	10M	10S
Canopus, Aquila						
Capella, Triumph	.35	.25	.15	\$2.80	\$2.00	\$1.20
Spindrift	.25	.20	2-.25	2.00	1.50	1.00
Nugget, Vega						
Atala	.20	2-.25	4-.25	1.50	1.00	.50
Agatha, Daphne, Dana,						
Drigad, Evenglow,						
Nubia, Saracen,						
Debutante	2-25¢	3-25¢	6-25¢	1.00	.60	.35

A new one is being introduced this year- Electra. For prices on this and 1951 introductions, write either me or Stephen Chase Co, Dunedin, Florida. For Florida grown bulbs of Aquila, Bokhara, Capella, Electra, Nugget, Triumph, Vixen and Zeus, the Stephen Chase Co of Dunedin will be glad to have your order.

Shipment made by prepaid parcel post, government insured, after 15 March 1952, unless specific instructions to the contrary. Please do not ask me to ship in sub-zero weather- too risky! Minimum order \$3.

Yours for a fine 1952 season

Cutting Johnson
Norwich, Vermont
